

The city of Harare - VLR - 2020

jeudi 13 janvier 2022

Voluntary Local Review of SDGs report The city of Harare June, 2020

The Sustainable Development Goals (SDGs) / 2030 Agenda are a universal call for the adoption of measures to end poverty, protect the planet and ensure that all people enjoy peace and prosperity. National governments alone cannot achieve the ambitious goals of the 2030 Agenda but cities and regions can contribute to achieving the Sustainable Development Goals (SDGs).

At national level, Zimbabwe has undertaken a progress review of SDGs. The progress review provides a comprehensive analysis and audit of the related progress, challenges, opportunities and successes. The review assessed the means of implementation as well as evaluating policies and strategies of implementation.

The Voluntary Review Process (VLR) will complement the national progress review of SDGs. This VLR seeks to provide a fresh impetus and stimulant for enhancing the implementation of the SDGs in the country.
